NEW OR
USED
VEHICLE**

*Peace of mind protection for the Road
Ahead.*

***WEST COAST
FORD LINCOLN***

**FINAL COAT KEEPS
YOUR VEHICLE
LOOKING LIKE NEW?**

Corrosion Module 2000 Price \$349.00

This system helps to inhibit the undercutting and corrosion caused by scratched, nicks and stone chips on your car's body. At the heart of the corrosion module system, a computerized control module sends out negative electrical charges to grounded body panels on your car: these pulsating charges help to inhibit rust and corrosion for the life of your vehicle. Corrosion Module 2000 may be transferred from vehicle to vehicle.

Environmental Paint Sealant Price \$299.00

Left unprotected, your paint will be subjected to the sun's harsh rays, pollution, bird droppings, and other harmful elements. The result is dull, faded paint that makes your vehicle look old.

Final Coat – Acid Rain Sealant seals and protects your new vehicle, with a blend of high tech polymers.

Interior Fabric/Leather Protectant Price \$229.00

Let's face it, spills are unavoidable, and while you may want some ketchup with those fries, we are pretty sure your interior doesn't.

Total of all Options Price \$877.00

Package Discount Price \$178.00

Total Package Price \$ 699.00
